Assessment Strategy: There are two components of assessment: continuous assessment and the examinable component. To be sure of a pass result you will need to achieve scores of 40 or above in each component. Similarly, to be sure of a higher grade, a minimum score must be achieved in each component (see your *Assessment Handbook*)

Continuous assessment component: eTMA 01 = 10%; eTMAs 02 and 04 = 15%, eTMAs 03, 05 and 06 = 20% each.

Substitution: The substitution rule will not apply.

Examinable component: The examination consists of 100% of this component. In order to pass you must reach the pass mark in both Part I and Part II of the question paper (see your *Assessment Handbook*).

Note 1: Insert your precise dates, time and location as notified by your Open University Regional Centre.

Note 2: You will be notified later of the dates of the Study Day – these will be held at The College of Law's centres.
